Value Statement

Our mission is to place the universal power of biosensors into the hands of those who need it.

We commit to the following core values as critical in our ability to accomplish that mission:

- **Integrity:** We conduct all our business acting honestly with the highest ethical standards and reinforcing a culture of what is right. We value and look to build trust and respect in all our relationships
- **Quality:** We provide high-quality products and services that meet the needs of its customers
- **People:** We collaborate with each other and recognise the importance of our employees, partners and customers in achieving our mission statement and value their role in the Company's success
- **Customer Focus:** We are passionate about serving our customers and are committed to meeting their needs and exceeding their expectations. Our approved products are supported globally by trusted partners
- **Shareholders:** We value the trust and support of our shareholders
- **Communities:** We value the communities in which we operate
